

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

IF you do not allow to ISPs to serve customers like me in Elizabethtown , KY you will essentially pull the plug on my DSL service. While Verizon does provide DSL access to my area they do not provide the Internet access required to make it work. Verizon relies strictly on ISPs to provide the Internet access in my area. Please do not allow this change to happen.

Even if I could switch to Verizon I don't know that I would. I happen to enjoy being able to talk to local people when I have a problem with my Internet service. The fact that I can take them my computer and have them set it up or help me set it up is very reassuring. Again, please do not allow this change to take affect.

Sincerely,

Billy Pait
